

"Our Town"

J. B. WHITE

LESSONS OF VALLEY FORGE

Valley Forge is separated from Independence Hall, Philadelphia, by 21 miles. The depressing winter at Valley Forge was separated from the inspiring acceptance of the Constitution at Philadelphia by 10 years. Across that short distance and within that short period the world moved out of one epoch into the beginning of another. The road from the realm of human subjugation to the realm of human liberation passed through a dark valley. The road to liberty still passes through dark places.

Valley Forge was America's shame and America's story. As American soldiers went barefoot in the snow, other Americans were laying by extra pairs of new shoes. As some Americans voluntarily sacrificed everything to fight for freedom, other Americans were devoting all their energies to getting rich. As some Americans shivered through long, lonely nights, other Americans were mirthfully revelling in well-lighted, luxurious ballrooms. As some Americans were paying the supreme price to end tyranny, other Americans not far from Valley Forge were joyfully consorting with the agents of tyranny and with soldiers wearing the uniforms of tyrants. That contrast was the shame of Valley Forge.

Its glory was that some men and some women proved supremely true. They retained their vision and kept their faith. They knew that others were making money from their sacrifices. They knew that many Americans were indifferent and selfish, that graft existed, treachery was rather common and confusion abounded. But they kept on.

Valley Forge was far more than a military feat, it was a symbol and guarantee of spiritual worth. Valley Forge glows through all dull, dark days as an answer to the selfish, the cynical, and the dull of mind. America means not only buying and selling, building things and getting ahead, having a good time and outdoing rivals; it also means faith, devotion and fidelity. That is the essence of America.

Valley Forge was prayer. It was austerity, abnegation, duty-doing. It was sticking to the post and watching through the night. It was the opposite of Pearl Harbor. At Pearl Harbor the Navy failed, but more than the Navy. The Army failed, but more than the Army. We, the American people, failed. We were asleep at our posts.

We were probably the most self-indulgent nation on earth. As the world traveled, we revelled in a torrent of buying such as had never existed in history. We arrogantly shouted "Oh, yeah!" from a myriad house-tops. Many of us kept crying, "Everything's right that you can get away with!" Millions of us were on a continuous level. Now we are paying the price—we are barefooted, in midwinter at our Valley Forge.

We cannot but ask and with anxiety: How will we come through this Valley Forge? Can a nation that has given itself with such abandon to such movies and magazines and "funnies" and amusements as have beguiled America survive the test? Is there enough integrity amid our race prejudices, political passions, social snobbishness, and striving after wealth to carry us through this tempest? Time will tell, but there are many reasons for hopefulness.

In the first place, since Pearl Harbor we have been fighting with magnificent bravery and effectiveness. The deeds of our soldiers on Wake Island and in the Philippines are among the grandest epics in the annals of brave men of any time or nation.

We are now in a struggle which we can win only by fighting, and we are showing we can fight. In the ranks of our foremost heroes are men of every nationality origin, sons of the earliest and the latest immigrants, scions of Teuton, Slav, Latin, Turanian and Negro stock. They are as dauntless champions as ever carried a noble banner. They are proving they have merged into a united nation, as brave as Greeks at Thermopylae, Serbs at Kossovo, or Texans at the Alamo. The Americans' fight on the island of Luzon will take its place among the inextinguishable lights illuminating humanity along the

(Turn to page four)

RED CROSS DUTIES IN WAR ROLE OUTLINED

Dr. James Watson, Chairman of the Milam County Red Cross, has released the following statement from Norman H. Davis, of the American Red Cross and Harper Sibley of the United Service Organizations:

1. The American Red Cross under its Congressional Charter and Army and Navy Regulations "furnishes volunteer aid to the sick and wounded of armies in time of war" and "acts in matters of voluntary relief and in accord with the Military and Naval authorities as a medium of communication between the people of the United States of America and their Army and Navy." The Red Cross is responsible for service of this type to organizations and units of the armed forces in garrison or wherever serving on active duty in the field or proceeding in transit as members of an organized body under orders, and for social service and recreational programs in hospitals and for convalescents.

2. The USO is a corporation organized under the laws of the State of New York with the approval of the President and the Secretaries of War and the Navy representing the joint efforts of The Young Men's Christian Associations, The National Catholic Community Service, The Salvation Army, The Young Women's Christian Associations, The Jewish Welfare Board and The National Travelers Aid Association, to provide services of a religious, social and recreational character for members of the armed forces. The primary responsibility of the USO in its present program is to serve members of the armed forces wherever they may be off duty or on leave. It will respond insofar as possible to requests for such services as shall come from the War and Navy Departments or from commanding officers for the furnishing of entertainment, and equipment for chapels and day rooms.

3. In serving members of the armed forces through communities in any means of conveyance, the Red Cross is primarily responsible for serving units and organizations in troop trains, convoys or otherwise, and the USO is primarily responsible for serving individuals and groups, as distinguished from formal troop movements, at railroad, bus stations, terminals and in communities.

4. The activities of the American Red Cross and the USO in all communities will be carried on in close co-operation and consultation locally in a manner that will insure the full use of the resources of both organizations in the interest of the men of the armed forces and their families.

A. N. Green First To File for Ballot

A. N. Green, Representative for the 64th District, Milam County, was the first candidate to file for the 1942 ballot.

Mr. Green's application for a place on the ballot was filed with John E. Henderson, County Chairman, shortly after noon Wednesday.

Mr. Green was elected to the Legislature to succeed Reese Turner in the Primary held in August, 1941, and is now a candidate for a full term.

Complete Course As a Bombadier

Herbert Massengale will graduate from the Bombadier School at Albuquerque, New Mexico, on Saturday, thus concluding an extensive course of training and will be assigned to duty somewhere with the army.

He is a brother of LeRoy Massengale, Deputy Sheriff here, and is one of two brothers now already in service.

Bob Massengale, formerly with the Texas Rangers at Austin, is now in the Army Intelligence with the rank of a Captain. He is stationed in Washington, D. C.

The family home is at Masyfield and they are the sons of Mr. and Hub Massengale of that community.

ANNOUNCEMENT

Mr. and Mrs. Frank Rogers of Burlington announce the engagement of their daughter Margaret, who is employed in Washington, D. C., to Roy Nagel of Brenham, now stationed at Camp Walters, Mineral Wells.

The date for the marriage has not been definitely decided.

Marjorie Blaylock, who for the past week has been confined to her bed with the mumps, is able to be back at work now.

W. F. PADEN DIES HERE TUESDAY AFTERNOON

Dies Here Tuesday

W. F. PADEN
Manager Chamber of Commerce

CHAMBER COMMERCE MANAGER FOUND SHOT

W. F. Paden, 70, for 8 years manager of the Cameron Chamber of Commerce, was found dead shortly after 5 p. m. Tuesday in the chamber office in the Cameron Hotel.

Death was caused by a gun shot wound in the heart and partly concealed beneath the body was a single barrel shot gun.

Mr. Paden had been in wretched health for several years and during the past few months his condition had become critical. He was suffering from cancer and recently was operated on at a local hospital.

Only about five minutes before his death Mr. Paden entered the lobby of the Cameron Hotel and stood for a few moments talking to Woodrow Lowe, the hotel owner and E. C. Cole (Turn to page four)

AIR FIELD SURVEY PROMISED HERE SOON

Developments that are definitely encouraging are revealed in a letter to Leland Green, President of the Chamber of Commerce, from Maj. Gen. H. R. Harmon at Randolph Field, touching on plans already mentioned for another survey of this area.

General Harmon in his letter to Mr. Green points out that time is required to make thorough surveys of the many sites in the territory but indicates that the Cameron area will be surveyed shortly.

Mr. Green who has been elected Mayor has pledged the city's best efforts to bring a military establishment here. It is known by the people that unless the city shows its disposition by going ahead with finances nothing important will be gained no matter what the prospects may be.

Rotary Club Members To Become Donors of Blood for Emergency

Members of the Cameron Rotary Club Wednesday voted to volunteer as blood donors and each member will be typed at the Cameron Hospital.

Dr. Clifford Swift made an address in which he told the members of the great need for such a service not only as a national wartime gesture, but as a means of serving in time of local need for blood transfusions in case of accidents and for other causes.

Dr. Swift reviewed the history of blood transfusions and made a very interesting talk to the Club.

Blood so taken may be preserved for use on the battle fields and blood kept under proper conditions may be used locally.

Father O'Connell, member of the Club, said that the Knights of Columbus throughout the nation had already begun this movement and the Rotary Club in Cameron has joined with the Local Knights of Columbus to build up blood reserves for emergency use.

NEW BLASTS MADE AT JAP INVASION FLEET

Another offensive from sea and air was launched early Friday by American and Dutch forces off the coast of Java near the island of Bali against a second Japanese invasion fleet.

Results of the attack were not determined.

General Douglas MacArthur's army has advanced from 1 to 5 miles on Batan in the Philippines.

The Japanese have advanced deeper into Burma and are ready for the conquest attempt on India.

From Java came the report that the United Nations there are prepared for defensive action. The forces include a small number of American troops.

A fierce battle for Leningrad is on with the Reds making advance.

William McMillan of South Elm was a Cameron business visitor Saturday.

Is Appointed

CHARLES M. HICKS

Mr. Hicks was named County Superintendent by the Commissioners' Court Friday afternoon.

LOCAL MAN IS NAMED AT AFTERNOON SESSION

Charles M. Hicks was appointed County Superintendent for Public Instruction by the Commissioners' Court here Friday afternoon.

Mr. Hicks will succeed Mrs. Guy T. Newton who resigned the office effective March 1st.

Hinton H. Pruett of Rockdale was an applicant for the place.

The vote was a tie with Judge Kemp casting the deciding ballot in favor of Mr. Hicks.

Mr. Hicks is a candidate for the office. He announced before the resignation of Mrs. Newton and sought the appointment for the unexpired term. In the primary of 1940 he was second high in the race and was defeated by Mrs. Newton in the run off primary in August by a small majority.

Mr. Hicks is a University of Texas graduate and has been a member of the Yoe High School faculty for a number of years.

His appointment was regarded here as a popular one and he comes to the office well equipped for the duties.

Hugo Horstmann, superintendent of schools at Buckholts, was also an applicant but received no votes.

Miss Mary Randolph who has worked in the office of the Superintendent, was an applicant also.

Mr. Hicks addressed the court briefly after his appointment, as follows:

"It is with a feeling of deep appreciation that I accept the appointment as County Superintendent of Milam County. I fully realize the unusual importance of the office, especially at this time, and I earnestly seek sincere co-operation of the citizens so that we may work together for the best interests of the school children of Milam County."

Commissioners' Stiles and McGuyer voted for Pruett and Commissioners' Stidham and McMillan voted for Hicks.

VOTING STRENGTH IS BOOSTED IN COUNTY

Voting strength in Milam county in 1942 will be around 6,000 according to the list of poll tax payments which was released here Monday morning to the Daily Herald by Bill Alex Bonds, Assessor and Collector of Taxes.

Mr. Bonds, in completing this list, discloses that there is an increase of poll tax payments for 1940.

Poll taxes issued for 1941 are those on which voters cast ballots in the 1942 election and 1940 poll taxes were good for 1941 voting, but no elections were held. Elections are held each two years and poll tax payments are always heavier when an election is forthcoming.

The following is the table issued by Mr. Bonds:

	1941
Total voting polls in county	5,870
Total Alien	43
Total Exemption	97
	1940
Total voting polls in county	4,419
Total Alien	25
Total Exemption	48

Charles Kelso, Superintendent of public schools at West Columbia, stopped over in Cameron last week enroute home from San Antonio, and while here was guest at the Bigbee House. He is a graduate of Yoe High School.

DEVERS FOR RE-ELECTION AS COUNTY TREASURER

R. A. (Woodsie) Devers, County Treasurer, is a candidate for re-election to that office subject to the Primary election to be held on Saturday, July 25.

In making his announcement for re-election Mr. Devers submits his record in this office to the people of Milam county and in asking for re-election pledges himself to continue his service in order that the people may receive complete loyalty to their interests.

The office of the County Treasurer is a constitutional office and with it go tremendous responsibilities. During the past year more than \$435,000 have been received by Mr. Devers and these funds have all been dispersed to the various accounts and accounted for with efficiency such as has characterized the administration of his office during the past. This sum of money indicates the responsibility incumbent upon Mr. Devers and the records in his office show uniform efficiency which his friends point out is justification for their continued support of him.

Mr. Devers is a Texan and in the interpretation placed upon Texans he is an old timer, believes in the traditions of Texas and is thoroughly a part of the civilization which has brought about our present day great (turn to page five)

U. S. BOMBERS SINK JAP SHIPS IN SUBIC

General Douglas MacArthur is attacking.

No one seems to know where he got them, but American bombing planes tore into a Japanese convoy in Subic Bay this morning and two large enemy ships were sent to the bottom.

The genius of MacArthur has kept the Japs guessing as well as dying on Batan.

In Washington there was some speculation whether the United States may not now be attempting to give General MacArthur and his forces some kind of help.

This was about the only bright spot in the news of the day.

The Japs continue their push in Java and the situation there is extremely bad.

Allied air power has virtually collapsed and American, Dutch and British soldiers are lying in ditches shaking their fists at Japanese airmen who are flying in from captured bases almost unchallenged to strafe and to bomb the allied positions.

All available Dutch forces have been thrown into the battle and the Japs have been pushed back as much as 7 miles in some sectors but there seemed little hope of any ultimate success in Java.

Early French Machine Gun Fired 24 Bullets Exhibit Here Shows

The French are believed to have used the first machine gun in the history of warfare.

Will Vogelsang of Ben Arnold brought to the Herald plant some time ago a shell box, a small black canvas covered container and believed to be a metreleuse or a kindred portion of the early French machine gun.

The box holds 24 shells. It was brought to America by Frank Dunkel many years ago and given to the late Fritz Vogelsang and now is the property of Will Vogelsang.

The shell box was placed inside a chamber as a cartridge in a gun barrel. The firing mechanism exploded all shells at once. German soldiers in the war of 1870 were often found with many bullet holes and no doubt this weapon was responsible.

11 Enemy Aliens Register in City

Ten German enemy aliens and one Italian enemy alien, registered here at the local postoffice, it was disclosed today by John E. Hays, postmaster.

According to a previous registration of aliens, before war was declared, more German aliens were disclosed to have had residence in the county, but some may have registered at Rockdale and all may be accounted for in the latest registration.

There are no Japanese in Milam county and the nearest Italian colonies are located in the Brazos bottom in Robertson county.

MAJOR BATTLE OPENS UP MONDAY MORNING

The battle for Java was on today with American forces engaging the Japanese for the first time, it was disclosed in a Washington communication.

Off the north coast of Java shortly before noon Central War Time a large Japanese fleet was sighted. This is the beginning of the heavy invasion of the Island. Early landings were by light troops and now come the heavy units of the invasion.

The convoy said to number around 40 or 50 transports and guarded by heavy units of the Japanese fleet was being attacked by American airmen, according to the noon broadcast.

Flying fortresses took off from air bases in Java and were roaring out to sea to attack the new Japanese convoy and fleet which came in the wake of a devastated first attempt to invade the Islands Thursday.

Around 30 Japanese warships and transports have been sent to the bottom in the last two or three days and of this number 17 have been accounted for by American air force.

There was anxiety in Washington over the fate of Java which is the last remaining Island of the Dutch East Indies group not yet subjugated by Japan. It is the last outpost in the Indies.

The Japanese have advanced 50 miles into Java. They are attempting to cut through the Island. The entire Dutch army, highly mobilized and motorized, was speeding to the attack in full force over roads which have been constructed by the enterprising Dutch for military purposes.

American soldiers along with British and Australian soldiers were being thrown into the battle early Monday in an effort to save Java from Japanese conquest.

The Japanese are suffering heavy losses, in fact the most terrific toll yet exacted of the Yellow horde, is being taken in Java.

The alarming thing about the situation is and there is considerable doubt whether a sufficient number of soldiers are on the Island to defend it. If not the war will be prolonged several years. If Washington has acted wisely and well the Japanese may be turned back and eventually defeated

within the next year.

General Sir Archibald Wavel, Commander of the United Forces in the far east, this morning gave the order to attack and not defend. It is possible that although the forces of our nation are outnumbered they have determined to enter the fight and to give all in an effort to stem the tide.

The Dutch who have been fighting a gallant battle against the Japanese have lost a substantial part of their navy, but this morning they were moving in for the attack and were bombing the Japanese fleet, along with the Americans. No new landings have been made by the Japanese.

RETURNS HOME

Mrs. Floyd Hatch left Cameron Sunday to meet her husband, Cp. Hatch, on the east coast. Mr. Hatch left Hamilton Field Friday, February 13th and landed in Wilmington, N. C., Saturday, February 21.

Cp. Hatch is a graduate of Yoe High School and was Captain of the Foot ball Squad in 1938 under Coach Wood. He was married to Miss Martha Francis Gillis of Charlotte, N. C., November 29, 1941. Mrs. Hatch was visiting her husband's mother, Mrs. C. V. Huffman here until he returned to North Carolina.

Mrs. C. E. Muller of Dallas, the former Miss Elizabeth McCord of Cameron, visited relatives here the first of the week.

RELIGIOUS PLAY AT GAUSE

Friday night at 7:45 a cast of Characters made up from members of the Baptist church of Cameron will present "Poor As Church Mice" in the Baptist Church at Gause. The play teaches the greatest of moral and spiritual lessons. Set in it are the causes of sin and poverty, the cure, the genuine happiness that ought to follow the cure. See afresh the sweetest story every told and the beautiful consequences that follow. We are expecting a house full at the Baptist Church in Gause.

The following Cameron ladies attended the "Open House" reception held at Bryan at the Methodist parsonage for the Marlin District: Mesdames R. L. Batte, Sr., Bob Pool, J. W. Kemp, W. P. McCall, W. O. Triggs, Leland Green, Sr., Lena Baskin, W. T. Tucker and A. M. Horstmann.

Gets His Wings

LIEUT. A. R. KUEHL

Lieut. A. R. Kuehl, son of Mr. and Mrs. Ed. Kuehl of Riesel, Texas, graduates today (Friday) from the Air Corps Advanced Flying school at Brooks field, Texas, receiving the silver wings and gold bars of a U. S. Army Pilot officer, it was announced this week by Lt. Col. Stanton T. Smith, Brooks Field commandant.

Now awaiting assignment to a permanent tactical unit, Lt. Kuehl has completed an intensive 10 weeks' course at Brooks, including 70 hours of actual flight training and 188 hours of ground school instruction. Having mastered the technique of day and night interception problems and cross-country, instrument, and cross-country flying, he is now prepared to play an important active role in the aerial defense of America.

Lieut. Kuehl attended A & M. college and Baylor University.—Riesel Rustler.

Lieut. Kuehl is a brother of W. E. and Ted Kuehl of Cameron and was in this city the past week end to visit with his brothers before reporting for duty with the United States Army Air Corps. Kuehl represents typical young Americans who have volunteered their services for the armed forces and who possess the ability and the determination to conquer the air and to become air fighters for the United States.

Noel Yardley of Bryan was a Cameron business visitor Friday.

ELECTION ORDER

Be it resolved by the City Council of the City of Cameron, Texas, that an election be held in said City of Cameron, Texas, on the 7th day of April 1942, same being the first Tuesday in said month for the purpose of electing the following officers to-wit: Mayor, City Secretary and Treasurer, Tax Assessor and Collector of Taxes, City Attorney, City Marshal and two Aldermen, all for a term of two years each. Said election shall be held at the building formerly occupied by the Cameron State Bank and now known as the City Hall of the City of Cameron, Texas, and the following named person is hereby appointed Manager of said election to-wit: D. H. Slaughter, presiding Judge and shall be authorized to appoint such assistants as may be necessary to hold said election in accordance with law. The manner of holding such election shall be governed by the laws of the State of Texas regulating general elections.

A copy of this order signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election and the Mayor is directed to cause notice of said election to be posted in three places designated for holding said election and by publication in some newspaper published in the City of Cameron, Texas, for at

least thirty days prior to the date of said election. A motion by Alderman Schiller and duly seconded by Alderman McDermott, carried unanimously adopting the above resolution.

Witness our hands and official seal this 17th day of February, 1942. (Seal) CHAS. C. SMITH, Mayor, Cameron, Texas.

ATTEST: Dan Tyson, City Secretary.

Passed and approved this the 17th day of February, A. D. 1942.

CHAS. C. SMITH, Mayor, Cameron, Texas.

ATTEST: Dan Tyson, City Secretary. 46-4t

License Renewals Are Now Due

H. F. Burleson is in Cameron today issuing drivers licenses and will be in the County Court room Tuesday.

Mr. Burleson said he would also be at the Court House on Monday and Tuesday of next week. All license numbers less than 900,000 expire on April 1. The visit here of Mr. Burleson is of great convenience to tire owners.

Spinks Kornegay of Gause transacted business in Cameron Friday.

Eddy Bryant of Rockdale was a Cameron business visitor Friday.

Fly Your Kites SAFELY! ...in open fields

DON'T fly kites near electric power lines!

DON'T use string with wire in it, or kites with metal frames!

DON'T climb poles or use sticks to disentangle kites from electric wires! If your kite gets tangled in electric wires call your power company.

KITE FLYING is great sport... and it can be a SAFE sport, too, if these rules of safety are observed. We hope all kite enthusiasts will remember them, and thus avoid accidents.

KITE FLYING DANGERS BRINGS WARNING HERE

With the coming of Spring youngsters are beginning to feel the urge to fly kites, and, consequently, Texas Power & Light Company officials today issued their annual appeal to kite enthusiasts not to fly their kites in the vicinity of electric power lines.

"There's more to kite flying than the fun it provides," J. Albert Young, Jr., district manager of the Texas Power & Light Company, pointed out, "especially if this sport is enjoyed on vacant lots surrounded by electric power lines. Each year brings new reports of accidents resulting from efforts to remove kites from power lines or because of kite strings coming in contact with electric wires. That is why we urge that, when a kite string does become entangled in an electric line your power and light company office be notified and a trained man will be sent out to remove the kite if it is possible to do so. This company makes no charge for such service . . . all we ask is that kite enthusiasts co-operate by flying their kites as far away from power lines as possible in the interest of safety."

To avoid accidents here, Mr. Young offered the following precautions to minimize the hazards of flying kites.

Don't fly kites near electric wires. Don't climb poles or use long sticks to disentangle kites from wires.

Don't use string with metal wire in it to fly your kite. This is extremely dangerous as the wire string, which is a conductor of electricity, might fall across an electric power line.

Don't fly kites with metal frames, or with wood frames braced with wire.

Don't fly kites in the rain. A wet string is almost as dangerous as a metal string since it also conducts electricity.

Mr. and Mrs. Reed Rogers, who were recently married, visited his father, Wm. R. Rogers Monday, returning to Hearne that night where Reed holds a position.

Tire Purchases Are Shown in Report for Month of February

SAME OLD STORY, NO ARMY AND NO PLANES

Forces of the United Nations under Dutch command had stopped the Japanese drive in Java and had pushed the enemy back 8 miles at one point, but despite this the situation is hopeless.

According to information obtained Tuesday neither the United States nor Great Britain have put any soldiers in Java in sufficient numbers to do any good.

It was said at noon today that at least 100,000 Japanese soldiers have already landed in Java. The denial was made that a new invasion fleet was on the way to Java and there was some confusion over the action on yesterday of American flying fortresses.

The Dutch capital has been moved (Turn to page three)

from Batavia and this is taken to indicate that Java will soon be over run and as has been customary since the war began in 1939 the allies have been pushed from one point to another without appreciable strength and no counter offensives.

The loss of Java will spell the doom of Australia as well and the United States will be thrown back on the western Hemisphere and the war will be a grim business such as President Roosevelt described in his recent talk to the American people.

If the American people have not accepted the inevitable they must do so or there seemed little hope today that anything could be expected this year with production still far below the needs and no army yet raised.

An astonishing announcement was made in Washington today from the Selective Service Bureau in which General Hershey said that the plan has been offered to the army for men to be called up by age groups, but it will be June before the matter can be determined. If no army is raised by June there can not possibly be any hopes for an early showing.

Despite the fact that war was declared on December 8, 1941, only a small percentage of the men mentioned by President Roosevelt as 7,600,000 have been called up.

It was said the Japs had lost air superiority over Japs, but the truth is not known because a spokesman for the Dutch government said today that unless more air power is sent to Java the Indies will be lost.

In Washington President Roosevelt canceled his news conference for the day.

Civil Service Now Open to Many; Need Is Very Urgent

The following appeal for civil service employees through examinations, is made by Joe Matula, Secretary for the local Civil Service Board:

If you are a fair typist and want to go to Washington we are prepared to give you a test at the postoffice and you may go to Washington as a Senior Typist at a salary of \$120 per month. Or if you can take dictation at 80 words a minute you can qualify as Junior Stenographer at the same salary.

For further information as to living conditions, we can give more information as the Government has made available to female applicants fine living accommodations beginning March 1st.

There is now an opening in this district for Junior Assistant Engineers which consists of maintenance of steam boilers and is open to men of ages of from 25 to 48 inclusive, with little experience.

More Aircraft mechanics, electricians, welders, sheetmetal workers, leather workers and machinists are wanted in Texas.

Female Student Trainees ages 16 to 50 are wanted by the hundreds at Duncan Field Texas for training at a salary of \$75 per month.

Mechanic learners are wanted badly, which by the way is now open for females of from ages 16 to 50.

For further information see your Civil Service Secretary at the post-office.

Grand Jury Adjourns After 2 1-2 Hours With 5 Bills Indictment

Five indictments of the grade of felony were returned here this morning by the Grand Jury in District Court for the March term.

Criminal District Attorney W. A. (Bill) Morrison said the Jury was in session for only 2 and one half hours and it is believed that this is something of a record in the matter of dispatching business in hand.

It was said that arrests had not been made and no names were available for publication.

—remember pearl harbor—

FIRST CHRISTIAN CHURCH— PRE-EASTER PROGRAM

The Minister will preach a series of sermons on "The Cross" in the morning worship services during March. March 1, the message was "The Cross and People We Love." Three sermons remain in the series: "The Cross and Things We Love Love," March 8th; "The Cross and Ideas We Love," March 15; "The Cross and the Self We Love," March 29.

Dr. C. A. Burch, missionary to China, will speak in all of the services of Sunday, March 22. While on furlough, Dr. Burch is serving as Professor of Missions in Brite College of the Bible, Texas Christian University.

Visitors are cordially invited to all services of the Christian Church. Go to the church of your choice during this co-operating to render worthwhile service to the community. "Remember Calvary" might well be our slogan.

LAMAR HOCKER Pastor.

McArthur in Command On Java, Wavell in India, Is Suggested

Australian sources early Monday suggested that General Sir Archibald Wavell, Commander of the United Forces in the far east be sent to India and that General Douglas MacArthur, brilliant defender of the Philippines, be given command of all the forces fighting in the South Pacific which includes the battle now raging in Java.

There was little doubt such an arrangement would be beneficial to the cause of the democracies but no official comment was made in Washington and none is expected.

President Roosevelt today announced the re-organization of the army, creating a separate command with the commanding General responsible for each division and all under direct charge of General George C. Marshall, Chief of Staff. The new order becomes effective on March 9 and stays effective until 6 months after the war closes.

INSURANCE

for
Home
Folks

INSURANCE is a family matter. It is protection that every member of the family needs, and providing it is an obligation that every man owes to his family.

We are glad to know that our record of prompt payment at death has been the means of helping families of Central Texas at the time when assistance is needed most.

You can provide this protection for your family at low cost with a Temple Life Insurance Company policy.

OUR TOWN

(Continued from page one)

neverending pathway toward perfect freedom.

Also, we have shown an indication of a willingness to give lavishly of our substance. So far, we have actually given little. Our sacrifices are still meager and American life still looks much like a holiday. But we have voted gifts we have promised to give. We have accepted a plan for a gigantic material contribution. That is an encouraging sign.

In addition, the capitalists and the laborers are showing signs of co-operation. To be sure, many industrialists have made and are making large profits. They are turning our Valley Forge into fat dividends. Also, worker's organizations have indulged in some obstruction and not a few flagrant abuses. But the fact remains that labor and capital show indications of large co-operation than has existed for many years.

It seems probable, too, that American "liberalism" will now release much social power. For two decades or more a prevalent spirit of "liberalism" often expressed itself in criticism, and negation. It has frequently demolished faith, encouraged confusion and undermined the sense of responsibility. Along with this, it has inspired a noble desire for a better world and a passion for reform. Now a supreme test has come. The whole future of liberalism is at stake. All the teachings about liberty that have heretofore kindled revolt may now rekindle a fire of faith and may lead men to stern, hard, disciplined duty-doing. New American liberals and patriots may enter the trenches arm in arm. Liberalism may become a mighty weapon of liberty.

During past decades, in spite of much vulgar secularism, our nation has retained a large measure of religious faith. Scores of thousands of devoted men and women in great and humble churches have told us of spiritual things. Some have seen as through a glass darkly, so the visions which some proclaimed have been obscure but they have tried to keep high ideals before us. Now at this time of confusion, the torch which they have kept burning will help light our paths to duty. And the renewal of our consecration to duty will strengthen us for fighting. The proclaimers of duty from thousands of pulpits will help us take the hard road toward a personal Calvary in service of the highest that we know.

Not every Valley Forge leads to triumph, and not all snows melt away. Whither our present Valley Forge shall lead depends on us. Before us are all necessary weapons, in our hands is the destiny of the world, above us is the same bright banner that Washington carried.

Let us kneel as he knelt, renew the consecration which he offered, and follow the path of duty which he took. It was a victory path.

Henry Patillo is doing a good job on the attendance committee. I should know because he calls me every Wednesday. Henry should have a very high average for his team. Why not let's have a check on the work of the teams. Attendance has been mighty good of late.

PRESBYTERIAN CHURCH

Rev. O. C. Acree will preach a series of sermons beginning Sunday morning on pre-Easter themes.

Each Sunday between now and Easter emphasis will be placed on the events leading up to the Crucifixion, death and burial of Jesus.

The public is cordially invited to attend all services.

—remember pearl harbor—

W. F. PADEN

(Continued from page one)

of the Southern Pacific lines. He left the lobby and went to the sidewalk, turned north and walked a short distance to the offices of the Chamber of Commerce.

Harry B. Lewis, Director of the Old Age Assistance office, located next door to the Chamber of Commerce, was placing some files near a window and saw Mr. Paden as he walked by. A few moments later two small boys, according to Mr. Lewis, came into his office and told him that someone had broken some glass in the Chamber of Commerce Room and was bleeding.

Mr. Lewis left his office and in the meantime Miss Finks, assistant, had telephoned for an ambulance.

When Mr. Lewis reached the Chamber of Commerce office he said there was still signs of life in the body and at first he did not know that Mr. Paden had been shot.

Partially concealed beneath the body was a single barrel shotgun on which was a tag giving the sale price of the gun. Mr. Paden lay on his back and Mr. Lewis at first attempted to raise him from the floor and then discovered the wound in his left breast.

Mr. Lewis said that Mr. Paden had entered the office, removed his overcoat, coat and vest and neck tie. On the table nearby lay his glasses and walking cane while his hat had been carefully placed on the frame of a chair.

Mr. Lewis said that he heard a slight noise, but at the time paid no attention to it until the boys came running into his office.

Deputy Sheriff LeRoy Massengale went immediately to the scene and with him Justice of Peace Womack Brashear who rendered a verdict of suicide. The single barrel shotgun was taken to the office of the Sheriff.

Investigation Wednesday morning by the Herald revealed the fact that Mr. Paden had only a few minutes before obtained the gun from a local store and from a clerk. He told the clerk that he wanted the gun to kill some cats near his home and the clerk, not suspecting anything might be wrong, gladly gave Mr. Paden the gun. Later he returned to the store and obtained two shells and one of the shells not discharged was found in his overcoat pocket.

An ambulance from the Green Funeral Home was at the office of the Chamber of Commerce within a few moments and the body was removed to the Funeral Home where it remained until 4 p. m. Wednesday when it was taken to First Presbyterian Church for funeral services.

Leland Green is President of the Chamber of Commerce and Mr. Paden had gone to the Green & Boedeker store a short time before his death to see Mr. Green, but Mr. Green had left for the country to visit a farm and did not know of Mr. Paden's death until his return.

It was revealed that Mr. Paden had written a number of letters to Secretaries and members of neighboring Chambers of Commerce inviting them to the annual banquet which is to be held here on March 10. It was rumored at first that Mr. Paden had addressed a letter to Mr. Green in which he made a statement regarding his intentions, but this proved to be untrue.

Funeral services were held from First Presbyterian Church at 4:30 p. m. Wednesday, March 4, 1942, with Rev. O. C. Acree, Pastor, conducting and the Green Funeral Home directing arrangements. Interment was made in Oak Hill Cemetery.

Mr. Paden was the son of the late Capt. W. D. Paden and Mrs. Sally Frierson Paden. He was a native of Mississippi. The family came to Texas and settled near San Gabriel when Mr. Paden was a boy. In later years his father, Capt. Paden, came to Cameron and operated a pioneer insurance business. During those days Mr. Paden worked with his father in the business and later was with the Peden Iron and Steel Company in Houston.

After several years with the Southern Presbyterian Orphanage near Itasca he came back to Cameron and 8 years ago was elected Manager of the Chamber of Commerce. He was regarded as one of the best informed and most efficient managers in Central Texas and his records disclose that up to the very minute of his death that every detail of the business had been taken care of and cor-

rectly so.

He is survived by his widow who was the former Miss Estell McIver, also a member of a prominent Cameron family. The late Mrs. Robert B. McLane was a sister of Mr. Paden.

Known surviving relatives in Cameron are Mrs. Dallie Young, Miss Dallie Young, member of the school faculty and Mrs. Eugene Green. There are a number of other relatives whose names were not available at the time this was written.

Pall bearers were: Joe C. Denson, E. C. Cole, Ernest, Eggert, R. G. Grabain, John B. Henderson, J. W. Stufflebeme, Jr., E. A. Perrin and John W. Haygood.

Gerald Mann to Run For Another Term as Attorney General

Atty. Gen. Gerald C. Mann Thursday announced his candidacy for re-election to his present office, and thus made probably a "war-time embargo on politics" leaving the state without a prospective contest in its three major political races of the year.

Mann had been discussed extensively as a possible opponent of either U. S. Sen. Lee O'Daniel or of Gov. Coke Stevenson.

In his race for re-election, he likely will have no opponent.

Mann's decision was made known Thursday when he wrote Democratic State Chmn. E. B. Germany, sending his filing fee of \$100, and asking a place on the primary ballot as a candidate for attorney general. Mr. Mann declared, "in view of the present world crisis, I have determined to seek re-election as attorney general of Texas. If elected, the attorney general's department will render the same type of service as we have rendered in the past.

"I am grateful for the interest that many people have manifested in my decision, and I take this action after weighing the advice of many friends."

Lipscomb Westbrook of Hanover transacted business in Cameron Saturday.

SECOND SON IS BORN TO MR. AND MRS. EMORY B. CAMP

James David, a son, was born to Mr. and Mrs. Emory B. Camp at Cameron Hospital on Sunday, February 17th.

Mother and baby are now at home and James David has recovered from a serious illness and is increasing day by day his strength and monopoly on attention. He is the third child of the family and the second son.

Friends are happy to have news of the blessed event and the fine progress of mother and baby.

Congressman Poage to Address Chamber of Commerce Banquet

Congressman W. R. Poage will deliver the principal address at the annual banquet of the Chamber of Commerce here on March 10th.

The annual banquet climaxes the year in Chamber of Commerce work.

It is customary for the President to list the achievements of the year.

Leland Green, President, in his campaign for Mayor, caused to be published a sheath of correspondence with Congressman Poage on what Cameron needs for development, stressing a military post.

Congressman Poage has been urged to aid Cameron in this program.

Sgt. Johnnie H. Watterson of San Francisco, Calif., was called home recently due to his father's illness, J. T. Watterson. Mr. Watterson has been seriously ill for several weeks, but is rapidly improving.

All Time Low in War Bond Sales

An all time low has been reached in the sale of war bonds. The county reported only \$3,241 for the week ending March 3.

Of this amount \$2800 was purchased in Cameron.

The county was recently organized for the quota of over \$900,000 but so far there has been no systematic plan of sales.

Miss Lois Randolph, teacher at Hoyte school, is taking a week end course study at San Marcos, preparatory to her B. A. Degree she expects to get in June.

WOODMEN CIRCLE MEETS

All the Groves of the Supreme Forest Woodmen Circles in Texas held Memorial Services for one of its beloved boys who lost his life in that awful tragedy at Pearl Harbor, Richard Austin Dickerson, only child of Mr. and Mrs. R. L. Dickerson of El Paso. Richard's mother, Mrs. Annie Dickerson is the Supreme Woodmen Forest Circle's National Representative of Texas.

Richard was only 23 years of age. He had enlisted in the U. S. Air Corps in November 1931. At the end of the first six months, he had completed the training required to receive his diplomas as First Class Air Mechanic. He was made a Corporal with the rating of Expert Bomber in a short course of time, for Richard, like his wonderful mother, believed in doing what ever felt to his lot and doing it well.

He had been a Junior in our Woodmen's Circle's organization, later taking up membership in an adult branch. As a junior he was a most active member as holding office, entertaining on all programs and when Christmas time came he was the one who helped fill the Christmas stockings for the Juniors. He worked up special numbers at the Studio where he studied music and dancing.

Richard was a member of the Baptist Church. He joined at the age of 12. He attended grade school in El Paso. He helped his football team win the championship for two years and his sweater was his great pride.

Memorial services have been held by Austin High School, Alto High School, Eastern Star, American Legion Posts, Baptist Church in El Paso, and all the groves of the Supreme Woodmen Forest Circles in Texas, the

latter organization having bought a defense bond in Richard's honor, since he was listed as the first casualty in Texas, and El Paso.

To these parents, our hearts go out in tenderest sympathy and assure them that when we think of the tragedy of Pearl Harbor our hearts will go out to the parents of this our own boy, the first to give his life in this war of our country.

Forced by the unexpected and treacherous attack on Pearl Harbor on December 7, 1941, the United States is at war. Fraternalism and especially our own Woodmen Circles in the 48 states have always done their part in time of National emergency and we will do it now. Our members everywhere are responding to the call for aid. We are doing Red Cross work and each of our W. C. Groves are buying Defense Stamps and Bombs. We urge each Sovereign, "Don't forget Pearl Harbor" and "Keep 'Em Flying." This is the slogan for all Texas Groves.

Gladys Matyastik.

ACCEPTED IN NAVY

Joe Bill Crummer, 102 N. Jefferson, Cameron, has been accepted into the United States Navy at the main recruiting station in Houston.

Mrs. E. G. Lowe, who was seriously injured when she fell in the office of the County Clerk several weeks ago, has been taken to the Marlin Hospital for treatment. Mrs. Lowe shows very little improvement, but her many friends in Cameron hope to see her up again soon.

Mrs. Maude Chambers of Sherman transacted business in Cameron Monday.

Mad Dog is Slain by Joe Lankford in City Park This Afternoon

Constable Joe Lankford shot and killed a mad dog in City Park around 1 p. m.

The dog had been ranging over the city for several days and is known to have bitten other dogs.

Dog owners are warned to keep their dogs up for the required time in order to be certain they have not been infected with rabies.

Constable Lankford was summoned by Mott Terry and went to the central city park. As the dog made its way across the park to the highway Mr. Lankford with a well placed shot killed it. The dog was known to have attacked another dog across the highway from the park early Monday.

James Tongate, former Co-operative Cotton Market Manager of Cameron, now of Waco was a Cameron business visitor Tuesday.

—remember pearl harbor—

DEVERS

(Continued from page one)

America and the Lone Star State.

Mr. Devers understands the desires and expectations of the people and in his service in this office he has tried at all times to interpret the desires of the people in terms of service and because he has done this he has been returned to this office each two years and is deeply grateful for the opportunity which has come to him to be of service to the people among whom he has lived all through the years and among whom he expects to spend all of the remaining days of his life.

Mr. Devers has been unfortunate and due to illness will never be active physically and he needs this office. It is the only means by which he can support himself and his family and although he does not make his plea based on the fact that he needs the office, his friends point out that voting for him is an opportunity to provide him with the means to which he is entitled and to reward him for his ability because he can trans-

act the business of this office as well as anyone.

During the present campaign it is not yet clear what method will be used by candidates, but Mr. Devers plans to make as active campaign as will be permitted under present war conditions.

If he is not able to see you personally he wants you to know that he is deeply grateful for your support in the past and will be deeply grateful for anything you may do for him.

Mr. Devers expressed his appreciation for the many pledges of support which have come to him and wants each one to know that it will be his purpose when he is returned to this office to continue to show his gratitude by faithful performance of his duties and to uphold the high traditions which have been established during the past years that he has served and in the government of Milam County.

—remember pearl harbor—

NEGRO FARMERS HERE TO STAGE MEAT SHOW

The Tenth Annual Milam County Meat Show will be sponsored in Cameron March 13-14, according to reports from Negro County Agents Lottie B. Boone and C. L. Redus.

This show will be the second of a series of county-wide demonstrations and meetings scheduled for 1942, the first one having been held in Cameron, February 21 in the form of a "Food for Freedom" rally at which more than 220 Negro farm men and women were in attendance.

The 1942 meat show will differ from the previous meat shows, in that smoked chicken will be featured for show and sale. Twelfth six chickens are being prepared for sale at this time, while still others are being prepared for exhibit purpose only. Although there is definitely a shortage of cured pork in the county this year, the show is expected to be of

the regular size. Prizes will be awarded in much the same way as in previous years.

Sixty six pieces of the best meat exhibited here in Cameron will find its way to a district meat show to be held in Tyler, March 27-29 where they will be entered with cured pork from 21 other counties competing for some of the \$600 to be given away in prizes.

The public is requested to see this demonstration of "Food for Freedom" in Cameron Friday and Saturday, March 13-14.

NAVY PUTS INVASION SHIPS TO FLIGHT FRIDAY

"Never in the history of humanity have so many owed so much to so few."

So spoke Winston Churchill, the British Prime Minister, when in the fall of 1940 the German Luftwaffe stormed the British Isles.

Today American boys flying American fighting planes had turned back and all but destroyed another Japanese invasion fleet off the coast of Java.

Not far away over the Burma Road and city of Kangoon American volunteer air fighters known as the Tigers had shot down 88 Japanese bomber and fighter planes within the past 24 hours.

As yet no details are available on the fight off Java which has been raging since Thursday in which American naval units have taken a prominent part.

During the process of the battle off Java, American and Dutch fliers shot down 42 Japanese planes, both bombers and fighters.

The American loss was listed at one plane.

It was said at noon Saturday eight Japanese warships and as many transports had been sent to the bottom and the Japanese convoy strongly supported by powerful units of the Japanese fleet had fled the scene and are being pursued by the American ships.

The Japanese were believed to be preparing another attempt to invade Java as quickly as they can reform their convoy.

Nor was this all. Both Japanese and German reports said that American warships supported by an air craft carrier had attacked Wake Island which was captured by the Japanese. The Japanese admit great damage and considerable loss of life but there was no statement from Washington.

In the great sea battle off Java it was said that heavy losses had been sustained by the Japanese and the Americans also have suffered losses.

Maysfield Girls Win District Basketball Title; In State Meet

The Maysfield Girls' Basketball team won first place in the Wednesday meet held at Sharp last Wednesday, Thursday and Saturday nights. They will represent this district at State meet which will be held at Hillsboro, March 5, 6 and 7.

Final games were played Saturday night between Rosebud and Troy for third place. Rosebud defeated Troy for third place. In the championship game between Maysfield and Thrall, Maysfield won by a score of 21-31. Jean Wiese was high point player for Maysfield.

The three winning teams were awarded trophies and the outstanding players received basketballs.

It is quite an honor for Milam county to have a girl's basketball team representing it at State meet and the girls are making an effort to secure funds necessary for them to make the trip to State meet.

Mr. and Mrs. O. O. Duncum of Austin, spent Monday in Cameron and were accompanied home by her aunt, Mrs. Lydia Polk who will spend two weeks there with them. Mr. and Mrs. Duncum formerly lived in Cameron before moving to Austin.

Judge Odis Truelove of Amarillo was a Cameron business visitor Monday.

Will Lamb of Gay Hill was a Cameron business visitor Saturday.

Mere Pittance is Bridge Allotment for Cameron; We Are Mad

Announcement from the State Highway Department that \$58,000 has been allotted to repair bridges on Highway 77 "east of Cameron" was taken here as a further indication that that Highway Department has no serious intention of giving any relief over its highway situation.

It is not clear just where this money is to be spent, but it is presumed repairs will be made on Little River Bridge. When these repairs are made if the Highway Department carries out its usual policy, it will be an expenditure of \$58,000 and when citizens here go down to ask for the bridge the reply will be something like this: "What are you kicking about, we have just spent \$58,000 in your county?"

The legislative delegation from Milam county should be called upon to deliver the goods if they have any influence with the administration at Austin and local officials, including the Commissioners' Court, as well as our citizens generally, should lose no time in making our position known.

The explanation will be a logical one. They have no steel and can not get it so it can be said that the question is already answered and why do anything about it?

On the other hand the bridge could have been under construction months ago before war was declared, but it wasn't put under construction and may never be.

Mrs. E. G. Lowe who suffered a broken hip from an accidental fall several weeks ago, is reported to be improving and will be removed from the Cameron hospital to her home within a few days.

Ola Swift of Hanover was a Cameron business visitor Saturday.

TO GUARD COTTON PROFIT — plant CERESAN-TREATED seed!

This season, don't waste money, time and labor on cottonseed that won't produce a good stand and paying yield. Go on the defensive against seed-borne diseases right now by planting only CERESAN-treated seed! Texas Agricultural Experiment Station, reporting on tests, says, "Machine delinting plus treatment with . . . Ceresan gave highest increases in germination and yield." CERESAN generally reduces seed rotting, soreskin, surface seed-borne anthracnose and angular leaf spot; helps protect early-planted seed in unfavorable weather; usually improves stands to save replanting; commonly increases yields, often 10 to 25%. Treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO!
Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Bel for potatoes.

the original organic mercury SEED DISINFECTANTS
A TREATMENT FOR EVERY MAJOR CROP

NEW EUROPEAN FRONT MAY SOON OPEN UP

Forecast of another front in France was made today when strong British forces, including parachute troops, and the British fleet made a devastating raid on the French coast doing great damage to German installations and killing a large number of German soldiers.

It was the second time since Dunkirk that the British have invaded the soil of France. All units known as the Commandos were evacuated without loss after the raid.

The British were not faring so well in Burma. There the situation is critical.

The speech of Maxim Litvinoff, Russian Ambassador to the United States, delivered in New York, was taken as an indication that

Russia along with the United States is demanding a new front in Europe.

With spring a new theatre of war will undoubtedly be opened to give aid to the Russians who have been battling the German armies alone.

Cameron Needs Outlet For Waste Paper and Pulp; Call Herald

What to do with waste paper, pulp board, etc., is a real problem in Cameron.

Many merchants would like to aid the government with waste materials such as paper but actually no one seems responsible for it.

If there is any organization in Cameron handling this material please call The Daily Herald and we will oblige you by getting you in contact with those who have these materials.

Much of this material is loose and will have to be baled or tied but it is valuable nevertheless.

CAMERON, TEXAS

NEWS FROM
MILANO

Mr. and Mrs. J. A. Adam and children Wanda Rose and Jess Allen, Rev. Shirey and brother Royce Shirey spent Monday visiting in Mexia.

Mr. and Mrs. Howard Manley and daughters Joyce and Shirley of Temple spent Sunday here with their mother, Mrs. Dan Robinson. They were accompanied home by Mrs. Robinson who will visit in their home and a daughter, Mrs. Moore and family.

The Baptist Sunday School entered a contest with 2 sides Red and Blue. The Blues lost and they entertained the winning side with a banquet here Saturday night at the school building with a large crowd present and lovely supper and a good program.

Mr. and Mrs. Sallee of Calif., and Miss Sallee of Dallas were guests in the home of Mr. and Mrs. Chas. Martin a few days last week. Mr. and Mrs. Martin were parents of Mrs. Sallee.

There was a nice crowd present for the Milam County singing convention that convened in Milano on Sunday and a lovely noon day lunch was served in the lunch room with plenty to eat for all.

Mr. and Mrs. Gene Hiams of Houston were week end guests of their parents here, Mr. and Mrs. F. W. Hiams.

Johannie Hooker of Lake Charles, La., spent a few days here last week with his wife and little daughter in the home of Mrs. Hooker's parents Mrs. and Mrs. Horace White.

Mrs. Larry Brennan of Somerville was a guest here last week in the home of Miss Kate and Alice Brennan.

Mrs. Mattie Pinkerton of Austin and sister Mrs. Alice Pugh of Cameron were week end guests here of Mr. and Mrs. J. A. Williams and to attend the singing convention.

Guests in the home of Mr. and Mrs. Chas. Brannon for the week end were their children from Houston.

Nick Brennan who is attending school at A & M spent the week end here at his home.

Sam Hood died at his farm home here Sunday, February 15. His death came as a shock to most of his friends, although he had not enjoyed the best of health.

Phillip and Luckey of Caldwell had charge of funeral arrangements. The body was brought here to the home of a son, Carl Hood, from which place the services were conducted at 4 p. m. by Rev. H. E. Crone of Rockdale. Interment was made in Milano Cemetery.

He is survived by 5 daughters and 3 sons.

Hicks Begins With
County Board Meet

Charles M. Hicks spent his first day as County Superintendent a busy man.

First off a meeting of the Education Board for the county was held and this concluded there were many details. Also much handshaking and congratulations.

The new superintendent gets under way in the office with popularity and ability to justify the faith of the people.

HOME ECONOMISTS

The regular monthly meeting of the Home Economists of Milam County will be held in the Homemaking Department at Yoe High School at 7:30 Wednesday, March 11.

Mrs. Myrtle Pounds of Liberty transacted business in Cameron Saturday.

NEWS FROM
Bryant Station

Beuna Maurice, 7 1-2 pound daughter was born to Mr. and Mrs. B. B. McNulty, Jr., at a Taylor hospital, Feb. 19th. Mr. and Mrs. McNulty are residents of Jonah, Williamson county.

Mr. and Mrs. Worth Brock and daughter Linda Katherine of Hearne, were guests in the C. L. Lively home Sunday.

Mr. and Mrs. Albert Horstmann of Dallas were here to attend the funeral of Louis Schiller.

Miss Nellie Blackstock is ill at the home of her parents, Mr. and Mrs. G. L. Blackstock.

Miss Eloise Lively is visiting friends in Austin this week.

Mr. and Mrs. B. B. McNulty visited their new grand daughter, Beuna Maurice and other relatives at Taylor last Friday. Mrs. Beuna Chambers was also a visitor there.

The monthly Community Party sponsored by the Bryant Station H H Club was held Friday night Feb. 27, at the school house. Mrs. G. L. Jones and Mrs. Beuna Chambers were in charge of arrangements.

Mr. and Mrs. Walter Merriman and son, Michael of Throckmorton, and Mr. and Mrs. J. K. Haynie and daughter, Josephine of Woodsboro were guests of Mr. and Mrs. G. L. Jones last week end.

CHARLES LAWRENCE

Mr. and Mrs. Leo Hollas are the proud parents of a 7 1-2 pound baby son, born at the Cameron hospital Sunday, March 1.

Charles Lawrence is the second son.

Iva Jean Akers, student at Durham's Business College in Austin visited relatives and friends in Cameron over the week end.

Two Cameron Boys
With Pursuit Sqdn.
In South Carolina

Wilder (Ace) Graham and Floyd Hatch, former boys of Cameron, Texas, and graduates of Yoe High School who were stationed at Hamilton Field, Calif., have recently been moved to Myrtle Beach, South Carolina. They have both graduated with high honors from the Air Corps Technical school for Airplane Mechanics. Wilder Graham attended school at Chattanooga Field, Ill.

Floyd Hatch attended school at California Flyers, Los Angeles, Calif.

Before leaving the west coast they were promoted to the rank of corporal, a non-commissioned officer in the United States Air Corps. These two boys have had sufficient military training to carry on a successful campaign against the Japanese.

They are in the priority squadron of the whole nation. The 77th Pursuit Squadron has had the highest rank of all squadrons since the formation. These two outstanding young men are example of American youth of today.

CHRISTIAN SCIENCE SERVICES

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ Scientist, on Sunday, March 8, 1942.

The Golden Text is: "Have we not all one father? hath not one God created us?" (Malachi 2:10.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God that made the world and all things therein, seeming that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he

needed any thing, seeing he giveth to all life, and breath, and all things" (Acts 17:24, 25.)

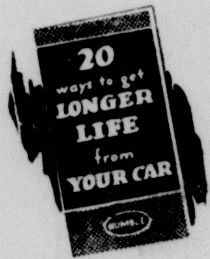

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key in the Scriptures," by Mary Baker Eddy: "Man, in the likeness of his Maker, reflects the central light of being, the invisible God. As there is no corporeality in the mirrored form, which is but a reflection, so man, like all things real, reflects God, his divine Principle, not in a mortal body" (page 305.)

"It's about
time to
check your air filter"

You don't want to overlook any detail that will make your car run better and last longer. Yet it's not easy to remember when spark plugs should be cleaned to increase gasoline mileage—when wheels should be repacked to protect bearings—when tires should be changed from wheel to wheel for more even wear. But that's why Humble service men keep a careful, written record of all these details, and many more, when you have your car serviced regularly under the Humble sign. And you can depend on the advice Humble men give you.

20 ways to get
Longer Life from Your Car

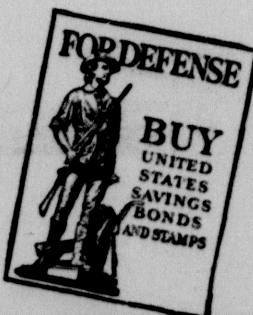

Thousands of Texas motorists
have read the new booklet
"20 Ways to Get Longer Life

from Your Car." They are using this simple and practical plan to keep their cars young. Let your Humble service man show it to you, and explain how this thorough, proven program of car maintenance will help you get more miles of better service.

If you're not sure that your car is getting the kind of thorough, experienced service that will keep it in fighting trim, stop at your neighborhood Humble station today. Give your car a chance to do its best with regular Humble service.

HUMBLE OIL & REFINING COMPANY

"Vim, Vigor and Vitamins"
24-page Booklet

Charts, food lists, and sample menus (big print), to show what the basic foods have in them, and what they do for you. Practical guide for the nation's Yardstick diet. Get your copy at the Gas Company office.

THREE OF THE WAYS A CP GAS RANGE
WILL HELP YOU SAVE VITAMINS

VITAMIN-SAVING BURNERS. Simmer settings make possible the waterless cooking of vegetables, recommended by vitamin authorities.

VITAMIN-SAVING BROILER. No preheating necessary. Meats retain more vitamin-rich juices, because cold-start broiling enables you to broil the portion nearest the flame, without overcooking the under side.

VITAMIN-SAVING OVEN. CP controlled heat enables you to roast meats with minimum of water, and yet avoid drying-out. Low temperature CP roasting also enables you to reduce meat shrinkage.

"Well-fed" doesn't always mean "well-nourished," not by a jugful of Vitamins. It takes smooth cooking to take enough of those Vitamins down the "little red lane," and an automatic Gas Range can handle them with kid gloves. Spin a dial, and click a simmer-burner, for foods that come to the table at top-form (no over-cooking). Roll out a smokeless broiler, for perfect steaks with juices intact.

Look for "CP" on a Gas Range;
it means Certified Performance

Help yourself to a Modern Gas Range. It makes it mighty easy to feed a family right.

★ To pop open a baked potato like the one in the picture: cut a long X with sharp knife, and then press both ends against the middle.

Mrs. George Jones of Thorndale was a week end guest of her parents, Mr. and Mrs. E. E. Allison.

Mr. and Mrs. Edwin Bigbee and son Billy Bigbee of Palestine and Mrs. Luke Zarr of Temple, were Sunday guests of Mrs. L. Bigbee.

Cameron Boy In Los Angeles Tells About Recent Enemy Air Raid Over That City; Raymond Lesikar Gets Thrill of Life He Says

The following letter is written by Raymond Lesikar, son of Mr. and Mrs. V. E. Lesikar, to his parents in Cameron:

Dear Folks:

What do you think of all the excitement we had last night. It really was an experience for me, but I hope I don't have to go through too many of them. Today I heard that Secretary Knox said that the alarm was probably false, but I can't see how he bases his opinion. With all the shooting that went on there was bound to be some enemy planes above. Today the army said that the raid was not false and that planes were over Los Angeles. I will try to give you a description of what I saw last night.

I had just gotten home from work and was almost ready for bed when the air raid sirens went off. I immediately put out our lights and went to the window to watch the city black out. Soon all the street lights went out and only a few scattered houses were lighted. Air raid wardens were on their job immediately and after a few minutes all the surrounding neighborhood was in inky darkness. After a while the moon came from behind the only cloud in the sky and the city had a very strange appearance.

I then went to bed and was almost asleep when suddenly I heard the rumbling of anti-aircraft guns and knew that the real thing was here. I went to the window and saw huge beams of light combing the sky.

The warden for our district came to our house and requested that someone stand watch on the roof for any fires that might be caused by bombs and the landlord and I went up. From there the view of the action was perfect.

I could see that the lights all came to a point in the sky, evidently they had located the enemy. They were probably over Long Beach which is a few miles south of Los Angeles for the lights shone in the direction.

The air surrounding the center of

the light beam was filled with the flash of bursting shells and tracer bullets made beautiful red dashes across the sky. On the ground the guns could be seen blazing away and it appeared as if the earth were afire when one looked in the direction of the shooting.

The planes must have passed over the Douglas plant for the guns there soon began to open fire. I was glad to be away from the plant at that time for it would be a choice objective for an enemy bomb. Robert Lee was there and he said that many of the men were afraid but they controlled themselves very well. There was no stoppage of work during the attack. The windows are black and when closed the plant shows no light from the outside.

The army proved to be alert for the enemy planes were kept too high to get a chance to do damage.

The blackout lasted until seven in the morning and at that time everyone who had to go to work earlier, but couldn't because of the black out went on at the same time and the result was one of the greatest traffic jams Los Angeles has ever experienced.

A lady here in the house was so scared that she left to go to Oklahoma as soon as she could get a taxi. I guess there are a lot of scared people leaving for the east.

Although I know it is a horrible thing, I couldn't help but admire the beauty of the shell explosions and the search light beams in the sky. It reminded me of a 4th of July celebration.

I guess this place will see more such events as this as time goes on but I am not afraid. I wasn't the least bit afraid when it happened but was slightly excited.

The planes didn't come too close to where I live so I really was in no danger. If these planes were observation ships for the Japs I'll bet it won't be too long before a large scale

air attack is made on Los Angeles. If ever this does happen they will get a very war reception—you can bet your life on that.

Raymond.

P. S.—I just heard the official comment that there were 15 spy planes over L. A., but they were too high to drop bombs. It was probably just a feeler. There will probably be a real attack soon. This is the official comment made by Stimson.
